OneLight™

Lighted Magnetic Foreign Body Removal Tool

Premium Performance for Confident Retrieval

The Lighted Magnetic Foreign Body Removal Tool from Bionix® supports controlled removal of visible, superficial ferromagnetic foreign bodies when used with the OneLight™ Rechargeable Light Source.

The Lighted Magnetic Foreign Body Removal Tool offers:

- **Trusted Quality:** Innovative tool from Bionix a leader in ear, nasal and throat care products.
- **Controlled Magnetic Engagement:** More than 2 lbs of pull force provides secure attraction; capable of lifting a 9-volt battery.
- **Enhanced Visualization:** Direct illumination from the OneLight Rechargeable Light Source supports identification and retrieval.
- **In-Office Resolution:** Supports management of visible, reachable ferromagnetic foreign bodies in the external auditory canal, anterior nasal cavity and oropharynx when clinically appropriate.
- **Procedure Confidence:** Clear visualization helps clinicians act on what they can clearly see.
- **Patient Comfort:** Controlled retrieval and improved visibility support efficient, less intrusive procedures.
- **Streamlined Inventory:** Uses the same OneLight Rechargeable Light Source across multiple OneLight tools.

OneLight™

Lighted Magnetic Foreign Body Removal Tool

Precision and Efficiency for In-Office Foreign Body Removal

Designed to work with the OneLight™ Illumination Platform of tools, the Lighted Magnetic Foreign Body Removal Tool helps clinicians efficiently manage routine ferromagnetic foreign body cases using a familiar, illuminated workflow.

By supporting appropriate in-office resolution, it may help reduce unnecessary referrals while maintaining clinical control and simplicity.

Product Offering:

#3525 – **Lighted Magnetic Foreign Body Removal Tool, 5ct** (Light Source sold separately)
#3600 – **OneLight™ Rechargeable Light Source** (1 OneLight Rechargeable Light Source with USB-A to USB-C charging cable + 1 Magnification Lens)
